Rajkot, Gujarat

OBJECTIVE

Aspiring Software Developer with a strong programming foundation, eager to learn and implement full-stack skills. Passionate about building efficient, user-centric applications and applying problem-solving skills to real-world scenarios. Continuously learning and enthusiastic about new technologies to drive innovation in a dynamic environment.

SKILLS

TECH SKILLS:

- **Programming Languages:** JavaScript, Python, C, C#, Dart, Java
- **Frontend:** ReactJS, JavaScript, HTML, CSS, Bootstrap
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, SQLite, MY SQL
- **Mobile:** Flutter

SOFT SKILLS:

- Strong problem-solving and analytical thinking
- Clear and structured communication
- Completing tasks in time with minimal errors
- Quick adaptability and fast learning of new technologies

EDUCATION

- **B.Tech - CSE** – Darshan university (2022-26) | CGPA(till 5th sem): 7.91CGPA
- **GUJCET** – Shree P.V. Modi School (2021-22) | Percentile: 64.73PR
- **HSC(12th)** – Shree P.V. Modi School (2021-22) | Percentile: 65.80PR
- **SSC(10th)** – Shree P.V. Modi School (2019-20) | Percentile: 97.21PR

PROJECTS

• ML-DIGIT-RECOGNITION: | Mar 2025

Developed a machine learning-based digit recognition web-app using Flask & TensorFlow, achieving 98.44% accuracy on MNIST dataset. Integrated it with a drawing canvas for real-time predictions.

• CHAT-APP: | Jan 2025

Developed a real-time chat app using MQTT.js, enabling instant, room-ID-based messaging via a lightweight public broker.

• COOKBOOK: | Mar 2024

Designed a MERN-based recipe web app with ingredient and recipe steps along with admin panel for content management.

• MINI-PROJECTS:

Developed interactive projects, including:

Tic-Tac-Toe | Oct 2024 : Implemented a dynamic Arcade-Style, two-player game with an intuitive UI

Password Generator | Nov 2024: Designed a password generator with custom difficulty selection and copy-to-clipboard functionality.

Joke Generator | Jan 2025: lightweight API-based joke generator that fetches random jokes dynamically for user entertainment.

CERTIFICATES

• One Day Hackathon(Participation) – Dec 2023

Helped Develop key components of an Employee Management System using Angular in a college-driven hackathon in a team of 4, generating TypeScript-based pages and structuring HTML layouts. Demonstrated innovation, and teamwork under time constraints.

• CodersFarm: May – Aug 2024

Completed a Web Development training program at CodersFarm, gaining insights into professional work ethics and industry standards. Observed the role of dedication and performance in a structured development environment.

• Google Cloud – Active Member Mar 2025

Engaging in continuous learning through various courses and labs on Google Cloud.
